Delaware Pre-School
Providing Quality Childcare Since 1969

Admissions Policy

It is our intention to make our pre-school genuinely accessible to children and families from all sections of the local community. To accomplish this, we will:

*Ensure that the existence of the pre-school is widely known in all local communities.

*Describe the Pre-School and its practices in terms which make it clear that it welcomes both fathers and mothers, other relations and other carers, including childminders, and people from all cultural, ethnic, religious and social groups, with or without disabilities.

*Make our equal opportunities widely known.

*Be flexible about attendance patterns to accommodate the needs of individual children and families where possible.

*Children will be added to waiting lists where needed and the places allocated when they become available. Priority will be made where deemed necessary. These decisions will be made at the discretion of the manager and the management committee.

*Continue to consult local parents to ensure that the group goes on meeting the changing needs of the local community.
